

### **Upper Peachtree Loop** – Approx 40 Miles

Start at the Upper Peachtree Church on Upper Peachtree Rd. Turn at the school at 141 and Upper Peachtree and head three miles up the road. You can park at the church.

Head back the way you came 1 mile and turn left on Lundsford.

Turn left on Mission Rd. go 1 mile and turn left on Mission Dam Rd.

Go about 2-3 miles and turn left on Fires Creek.

Go approximately 10 miles and turn left on Bristol.

At the T, the options start:

1. Turn right and then right again on Fires Creek. This will take you back the way you came.
2. Turn left on Tusquitteeto Downing Creek, Rt. on Downing Creek, Rt. on Jarrett, Rt. on Tusquittee and left on Fires Creek and back the way you came.
3. Go past Downing Creek, turn right on Cold Branch (you can go up Tusquitte a few more miles for an out and back bonus...very pretty). Rt. on Peckerwood....this is not marked but its the road that goes by the golf course. If you miss it you will shortly hit US 64 so turn around and take the first left. Beware, this road has about 1/2 mile of gravel but it is totally ridable, at least in the dry. Left on Downing Creek and follow the directions from there from #2 above.

Lots of other options too like taking a left to Qualla after Jarrett and dropping south of 64 to do the Pine Log/Brasstown area options.
